

ASQ Screening

Regular screening provides a fast and helpful look at how your child is doing in important areas like communication, social skills, motor skills, and problem-solving skills. Screening can identify your child's strengths, uncover new milestones to celebrate, and reveal any areas where your child may need support. It helps you understand your child's development and know what to look for next. And it helps you work with doctors and educators to plan next steps when it makes the most difference—your child's critical first years of life.

To support ongoing progress monitoring at Little Lights Bilingual Learning Center, I request that families complete an online screening using the Ages & Stages Questionnaire annually. Please take the following steps to complete this free, online screening available through Help Me Grow Washington:

- Navigate to <https://helpmegrowwa.org/developmental-screenings>
- Select 'Start a Screening'
 - You may complete the optional social-emotional screening from this page as well.
- Complete the ASQ Screening with your child. Some items may require you to complete the activity with your child to accurately respond
- Please enter my email address to share results: littlelightslearningcenter@gmail.com or provide me with a copy of the assessment results when you receive them.

That's it! We should each receive a copy of the screening results within a week. Screening results will support me in setting individualized learning goals for your child and connecting your family with early intervention services if needed.

Child's Name: _____ ASQ Completion Date: _____

Name of Person Completing Screening: _____

Relationship to Child: _____

Signature: _____

- Check here if you would like to opt out of ASQ screening.
